Dear Ms. Wyles:

Thanks so much for meeting with us to discuss the Prince George's County School Board's plan to review its policy on summer school tuition. Please find attached some peices of information we ask the Board to consider as part of its review.

Also, as discussed, we would be very interested in the following information: 1) any information regarding the racial background of students annually attending summer school; 2) the number of students annually enrolling in summer school; 3) the number of students annually recommended for summer school; and 4) the number of students annually enrolling to receive original credit, as opposed to for recovery of credit.

If there would be any opportunities for us to speak with the policy committee or if we can provide any other information, please let me know.

Thank you again.

All the best,
