Discipline Policy Hearing Cancelled for Monday, December 17, 2007

This event has been cancelled and will be rescheduled in early 2008 in order to accommodate the Discipline Code's stakeholder's schedules. As you may know, a workgroup of school system staff and community partners has been gathering input and drafting a new version of the code. This forum will be an opportunity for folks to offer suggestions and feedback on the draft.

We hope you will be able to join the school system in the upcoming rescheduled meeting to create a discipline code that will help our schools offer safe and effective learning environments to help our children succeed. We also ask that you share this information with all members of your networks.
